Accessible Viewing Areas

We will have a dedicated viewing platform for customers with additional access requirements, with one companion permitted into this area per person. Please contact us for further information or to book a place.

Please note that these spaces will be allocated on a first come first served basis and we may not be able to accommodate all requests should this area reach capacity.

For regular race goers, please be aware that the viewing platform for Live After Racing events is separate to those used for race meets.

Accreditation will be required to access the viewing platform during the event. For customers who have booked a space in advance, your accreditation will be available for collection at the main reception.

Site Information

The stage and accessible viewing area will be on a grassy surface which may be slightly uneven in parts. There are hard standing paths around the site but we do advise that care is taken when using a mobility aid.

As the Live After Racing events take place outdoors, we advise that you come prepared for potential weather extremes.

If you require assistance, please do not hesitate to speak to a member of staff.
